Myshak Sales & Rentals Ltd. is currently seeking a motivated individual to join our team as a Journeyman Heavy Equipment Technician at our Acheson location. The ideal candidate for this position would hold a **Journeyman Heavy Equipment Certification**, with **previous knowledge in a crane and heavy duty truck environment**. Under the direction of the shop foreman, this individual will be responsible for the maintenance and repairs of equipment in a safe and efficient manner.

#### Duties & Responsibilities

- Perform mechanical support on new and existing customer units
- Make recommendations regarding repairs and methods of improvement
- Documentation on work orders of service activities and parts used
- Ensure work areas are clean and organized
- Comply with companies health and safety programs

#### Qualifications

- Journeyman Heavy Equipment Technician Certification required
- On and Off Road Red Seal required
- Minimum 5+ years working within the heavy duty truck industry
- Schematic reading, hydraulic and electrical considered an asset
- CVI Inspection License considered an asset; will be required to obtain if not
- Pre-Employment Testing required

We thank all applicants for their interest in Myshak Sales and Rentals Ltd., however, only those selected for an interview will be contacted.
